

Greetings from Town Hall

Best bumper sticker I've seen in a while: "wag more - bark less". 

Congratulations to the winners of the Holiday Home Decorating Contest. The winners were: 1st Place~ Bob & Lisa Dyer at 427 Bath Club Boulevard North, 2nd Place~ Robert & Amy McRanie at 17347 Kennedy Drive and 3rd Place~ Jeff & Linda Busch at 350 Bath Club Boulevard South. Thank you to everyone who participated, and to Julie McConnell who was our representative on the judging committee.

The Holiday Lighted Boat Parade was exciting with 25 registered boats. The weather was a little better this year which made for a lot of great parties. Mark your December calendars - the boat parade will be on SATURDAY, December 10th - if the tides and weather allow. The Holiday Tree Lighting Ceremony was also a successful and fun event. A special thanks to Chris "Kringie" Campbell, our Santa Claus, for his special visit.

As always, our Town events are reliant on volunteers. We are always in need of Boat Parade Judges, Home Decorating Judges, July 4th help, etc. If you can spare a few hours and would like to participate in some fun, please contact Town Hall. Thank you!

Since there were no opponents for Mayor or Commissioner Seats 1 and 2, the March election was cancelled. Richard Bennett is Commissioner Seat 1 and Gary Curtis is Commissioner Seat 2, and I will continue as your Mayor. It is an honor for us to serve.

If you have any old pictures of NRB dating back to the 1950's and 1960's please contact Town Hall. We would love to make a copy of them to display or keep in our archives. It would be great to see pictures of the 7-11 Store where the hardware store is today or the baseball field where Gull Harbor stands. Old pictures bring a smile when you see where we are today. Fun historical fact - In 1960 our millage rate was 5.5, today it is .7511!

The Beach Renourishment is still scheduled for the end of 2012. There have been some glitches with the federal funding. Even though the project has been scaled back, it still includes severely eroded beaches including Sand Key, North Redington Beach and Redington Shores.

The crosswalks got a facelift by the Florida Department of Transportation. FDOT has made the crosswalks more ADA compliant and increased the visibility of the caution lights. The lights only work if you push the button. Remember to use common sense when crossing, always watch the cars and make sure the cars stop before you walk.

Hope everyone has a wonderful spring! Best Regards,

Mayor William "Bill" Queen

Mayor's Message

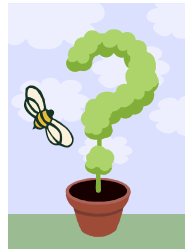

March 2011

Town of North Redington Beach

190 - 173rd Avenue
North Redington Beach, Florida 33708
Office: 727-391-4848

Did you know?

Property owners within NRB enjoy a 10% discount on the cost of flood insurance due to efforts to control and reduce flooding. The rules and procedures the Town maintains to aid in this effort must be enforced or the discount for everyone could be lost.

Do your part - Remember there can be NO air conditioned or habitable area below the base flood elevation in post-FIRM homes. Also, pre-FIRM homes cannot be improved 50% or more of the fair market value of the structure itself.

Single-family or multi-family homes are to be occupied on a regular basis by the same party for periods of ninety (90) days or more and not to be rented for shorter periods.

Within each edition of the Mayor's Message we like to include short stories about our residents highlighting their special activities, extra curricular hobbies or unusual vacations.

If you would like to share your story or know of an interesting one for us to share, please call us at Town Hall.
